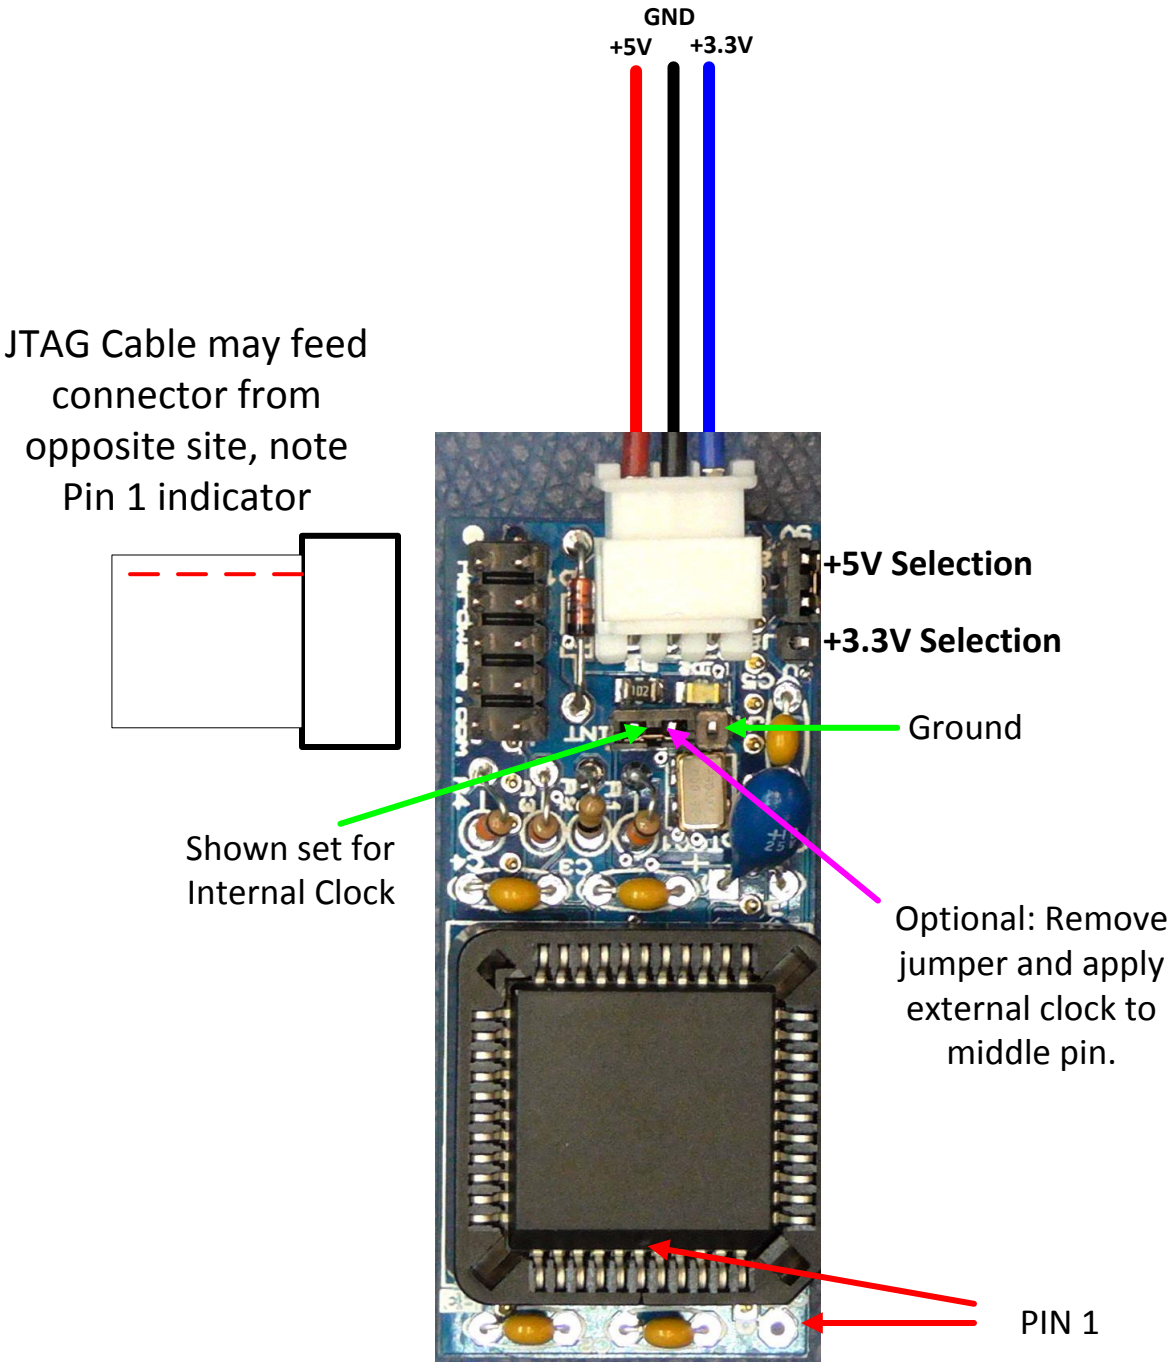
Simple CPLD Rev 4 – 3.3V/5V

Supply voltage jumper selectable

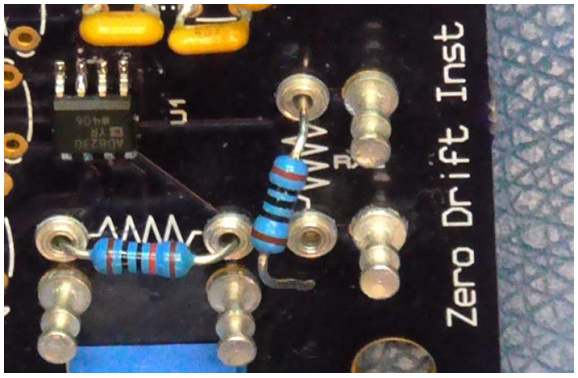


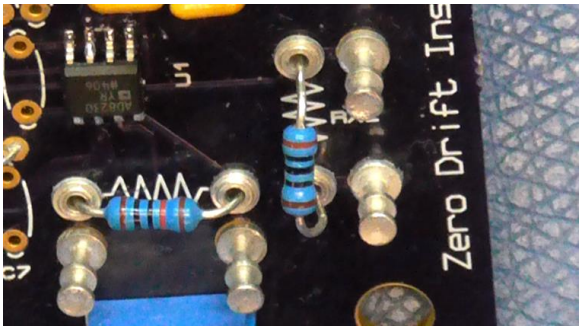
VCC Pins: 35, 40
GND Pins: 10,20,30

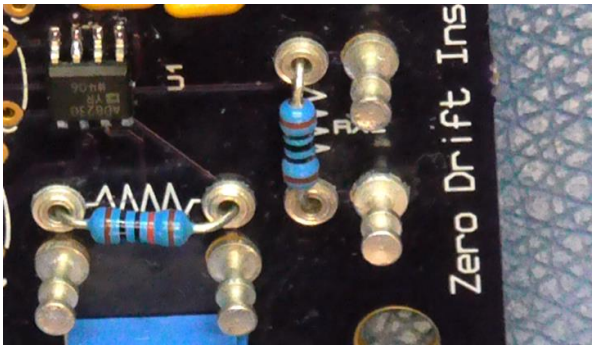
Altera EPM7064SLC44 +5V ONLY
Altera EPM7064AELC44 +3.3V ONLY

R4 WJH 4/25/2016

Precision terminals allow component replacement







Final component selection may be soldered in place

Turret terminals allows solderable component selection

Leads are wrapper around turret terminals

Final component selection may be soldered in place
